Weekly Update: Saturday March 25 2023 to Saturday April 01 2023

### Azure Updates (35 new azure updates)

Name	Link	Description	Publication Day	Category
Generally available: Resource governance for client applications in Azure Event Hubs	<a href="https://azure.microsoft.com/en-us/updates/generally-available-resource-governance-for-client-applications-in-azure-event-hubs/">https://azure.microsoft.com/en-us/updates/generally-available-resource-governance-for-client-applications-in-azure-event-hubs/</a>	Independently throttle your event streaming workloads using application groups and client applications information at namespace or event hub/Kafka topic level.	Tuesday	Azure Updates
Public Preview: Azure Chaos Studio is now available in Brazil South region	<a href="https://azure.microsoft.com/en-us/updates/public-preview-azure-chaos-studio-is-now-available-in-brazil-south/">https://azure.microsoft.com/en-us/updates/public-preview-azure-chaos-studio-is-now-available-in-brazil-south/</a>	Azure Chaos Studio is now available in Brazil South region.	Tuesday	Azure Updates
Generally available: nconnect support for Azure Files NFS v4.1 shares	<a href="https://azure.microsoft.com/en-us/updates/generally-available-nconnect-support-for-azure-files-nfs-v41-shares/">https://azure.microsoft.com/en-us/updates/generally-available-nconnect-support-for-azure-files-nfs-v41-shares/</a>	Azure Files NFS v4.1 share now support nconnect option.	Tuesday	Azure Updates,Azure Files
Generally available: Simpler way to renaming Network Interface (NIC) and Disks for protected VMs in Azure Site Recovery	<a href="https://azure.microsoft.com/en-us/updates/generally-available-simpler-way-to-renaming-network-interface-nic-and-disks-for-protected-vms-in-azure-site-recovery/">https://azure.microsoft.com/en-us/updates/generally-available-simpler-way-to-renaming-network-interface-nic-and-disks-for-protected-vms-in-azure-site-recovery/</a>	This article describes a new feature update for Azure Site Recovery.	Tuesday	Azure Updates,Azure Site Recovery
Generally available: Migrate from a Run As account to Managed Identities using Azure Site Recovery	<a href="https://azure.microsoft.com/en-us/updates/generally-available-migrate-from-a-run-as-account-to-managed-identities-using-azure-site-recovery/">https://azure.microsoft.com/en-us/updates/generally-available-migrate-from-a-run-as-account-to-managed-identities-using-azure-site-recovery/</a>	This article describes a new feature update for Azure Site Recovery.	Tuesday	Azure Updates,Azure Site Recovery
Public Preview: Azure Cosmos DB for MongoDB vCore	<a href="https://azure.microsoft.com/en-us/updates/public-preview-azure-cosmos-db-for-mongodb-vcore/">https://azure.microsoft.com/en-us/updates/public-preview-azure-cosmos-db-for-mongodb-vcore/</a>	Unlock the full potential of the Azure ecosystem with a MongoDB compatible database that simply works. A new architecture designed to provide seamless integration and unbeatable [...]	Wednesday	Azure Updates
General availability: Microsoft Purview DevOps policies for Azure SQL Database	<a href="https://azure.microsoft.com/en-us/updates/general-availability-microsoft-purview-devops-policies-for-azure-sql-database/">https://azure.microsoft.com/en-us/updates/general-availability-microsoft-purview-devops-policies-for-azure-sql-database/</a>	Purview DevOps policies can be used to assign permissions needed for performance monitoring and security auditing at scale and without direct connection to the database.	Thursday	Azure Updates
Public Preview: Azure Migrate – Discover ASP.NET & Java web apps and assess ASP.NET in all environments	<a href="https://azure.microsoft.com/en-us/updates/public-preview-azure-migrate-discover-aspnet-java-web-apps-and-assess-aspnet-in-all-environments/">https://azure.microsoft.com/en-us/updates/public-preview-azure-migrate-discover-aspnet-java-web-apps-and-assess-aspnet-in-all-environments/</a>	Discovery of Java & ASP.NET web apps and assessment of ASP.NET web apps to Azure App Service code (native) on VMware, Hyper-V and Physical servers is [...]	Thursday	Azure Updates
Multi-Column Distribution for	<a href="https://azure.microsoft.com/en-us/updates/multicolumn-distribution-for-">https://azure.microsoft.com/en-us/updates/multicolumn-distribution-for-</a>	Multi-Column Distribution (MCD) is highly desirable for	Thursday	Azure Updates

Dedicated SQL pools is now available!	<a href="#">dedicated-sql-pools-is-now-available/</a>	easing migrations, promotes faster query performance and reduces data skew.		
Generally available: Azure Monitor Alerts now support duplicating alert rules	<a href="https://azure.microsoft.com/en-us/updates/generally-available-azure-monitor-alerts-now-support-duplicating-alert-rules/">https://azure.microsoft.com/en-us/updates/generally-available-azure-monitor-alerts-now-support-duplicating-alert-rules/</a>	Azure Monitor alert rule can now be duplicated via the Azure portal.	Thursday	Azure Updates
Generally available: Azure Premium SSD v2 Disk Storage in East US 2, North Europe and West US 2	<a href="https://azure.microsoft.com/en-us/updates/generally-available-azure-premium-ssd-v2-disk-storage-in-east-us-2-north-europe-and-west-us-2/">https://azure.microsoft.com/en-us/updates/generally-available-azure-premium-ssd-v2-disk-storage-in-east-us-2-north-europe-and-west-us-2/</a>	Now available in East US 2, North Europe and West US 2region, Azure Premium SSD v2 Disk Storage offers the most advanced general-purpose block storage solution [...]	Thursday	Azure Updates
Azure SQL—General availability updates for late-March 2023	<a href="https://azure.microsoft.com/en-us/updates/azure-sql-general-availability-updates-for-latemarch-2023/">https://azure.microsoft.com/en-us/updates/azure-sql-general-availability-updates-for-latemarch-2023/</a>	General availability enhancements and updates released for Azure SQL in late-March 2023	Thursday	Azure Updates
GA: Azure Active Directory workload identity with AKS	<a href="https://azure.microsoft.com/en-us/updates/ga-azure-active-directory-workload-identity-with-aks/">https://azure.microsoft.com/en-us/updates/ga-azure-active-directory-workload-identity-with-aks/</a>	You can now use AAD workload identity with AKS in production	Thursday	Azure Updates
Preview: customer managed key encryption for Enterprise tier caches	<a href="https://azure.microsoft.com/en-us/updates/preview-customer-managed-key-encryption-for-enterprise-tier-caches/">https://azure.microsoft.com/en-us/updates/preview-customer-managed-key-encryption-for-enterprise-tier-caches/</a>	Encrypt Redis persistence files using customer managed keys	Thursday	Azure Updates
Azure HDInsight for Apache Kafka 3.2.0 is now available for public preview.	<a href="https://azure.microsoft.com/en-us/updates/azure-hdinsight-for-apache-kafka-320-is-now-available-for-public-preview/">https://azure.microsoft.com/en-us/updates/azure-hdinsight-for-apache-kafka-320-is-now-available-for-public-preview/</a>	Azure HDInsight for Apache Kafka 3.2.0 now available for public preview and ready for production workloads.	Thursday	Azure Updates
Public Preview: Connection audit logs for Enterprise tier caches	<a href="https://azure.microsoft.com/en-us/updates/public-preview-connection-audit-logs-for-enterprise-tier-caches/">https://azure.microsoft.com/en-us/updates/public-preview-connection-audit-logs-for-enterprise-tier-caches/</a>	Log all connections to your cache.	Thursday	Azure Updates
Public preview: AKS support for Kubernetes 1.26 release	<a href="https://azure.microsoft.com/en-us/updates/public-preview-aks-support-for-kubernetes-126-release/">https://azure.microsoft.com/en-us/updates/public-preview-aks-support-for-kubernetes-126-release/</a>	You can now try out Kubernetes v1.26 features with Azure Kubernetes Service	Thursday	Azure Updates
Public Preview: In-place scaling for enterprise caches	<a href="https://azure.microsoft.com/en-us/updates/public-preview-inplace-scaling-for-enterprise-caches/">https://azure.microsoft.com/en-us/updates/public-preview-inplace-scaling-for-enterprise-caches/</a>	Scale enterprise caches up or out without disrupting the operation of the current cache using in-place scaling.	Thursday	Azure Updates
Public Preview: Simplified flush operation for caches using active geo-replication	<a href="https://azure.microsoft.com/en-us/updates/public-preview-simplified-flush-operation-for-caches-using-active-georeplication/">https://azure.microsoft.com/en-us/updates/public-preview-simplified-flush-operation-for-caches-using-active-georeplication/</a>	Flush all data from active geo-replicated caches using portal, PowerShell, or CLI	Thursday	Azure Updates
Azure Maps is now HIPAA (Health Insurance Portability and Accountability Act) compliant	<a href="https://azure.microsoft.com/en-us/updates/azure-maps-is-now-hipaa-health-insurance-portability-and-accountability-act-compliant-2/">https://azure.microsoft.com/en-us/updates/azure-maps-is-now-hipaa-health-insurance-portability-and-accountability-act-compliant-2/</a>	Azure Maps ensures HIPAA compliance is achieved for protected health information (PHI), such as geocoding patient home addresses.	Thursday	Azure Updates
Generally available: Mount Azure Files and ephemeral storage in Azure Container Apps	<a href="https://azure.microsoft.com/en-us/updates/generally-available-mount-azure-files-and-ephemeral-storage-in-azure-container-apps/">https://azure.microsoft.com/en-us/updates/generally-available-mount-azure-files-and-ephemeral-storage-in-azure-container-apps/</a>	Persist data in Azure Container Apps via mounted volumes.	Thursday	Azure Updates
HDInsight	<a href="https://azure.microsoft.com/en-us/updates/hdinsight/">https://azure.microsoft.com/en-us/updates/hdinsight/</a>	Azure HDInsight for Apache Spark 3.3.0 is under development.	Thursday	Azure Updates
Azure HDInsight for Apache Kafka 3.2.0 is now available for public preview.	<a href="https://azure.microsoft.com/en-us/updates/azure-hdinsight-for-apache-kafka-320-is-now-available-for-public-preview-2/">https://azure.microsoft.com/en-us/updates/azure-hdinsight-for-apache-kafka-320-is-now-available-for-public-preview-2/</a>	Azure HDInsight for Apache Kafka 3.2.0 now available for public preview and ready for production workloads.	Thursday	Azure Updates
Public Preview: Storage in-place sharing in	<a href="https://azure.microsoft.com/en-us/updates/public-preview-storage-inplace-">https://azure.microsoft.com/en-us/updates/public-preview-storage-inplace-</a>	Storage in-place data sharing with Microsoft Purview public preview is now supported for	Thursday	Azure Updates

Microsoft Purview in additional regions	<a href="#">sharing-in-microsoft-purview-in-additional-regions/</a>	Azure Data Lake Gen2 and Blob storage accounts in East US, East US2, [...]		
Generally Available: Larger SKUs for App Service Environment v3	<a href="https://azure.microsoft.com/en-us/updates/generally-available-larger-skus-for-app-service-environment-v3/">https://azure.microsoft.com/en-us/updates/generally-available-larger-skus-for-app-service-environment-v3/</a>	Enterprises are now able to operate more securely with large SKUs to support more demanding workloads with App Service Environment v3.	Thursday	Azure Updates
Azure Image Builder Portal Functionality now available	<a href="https://azure.microsoft.com/en-us/updates/azure-image-builder-portal-functionality-now-available/">https://azure.microsoft.com/en-us/updates/azure-image-builder-portal-functionality-now-available/</a>	Using Azure Image Builder's new portal functionality, you can now build and validate custom images inside the portal. Now available!	Friday	Azure Updates
Azure Service Fabric 9.1 Second Refresh Release	<a href="https://azure.microsoft.com/en-us/updates/azure-service-fabric-91-second-refresh-release/">https://azure.microsoft.com/en-us/updates/azure-service-fabric-91-second-refresh-release/</a>	This release includes quality improvements.	Friday	Azure Updates
Batch custom image pools using VHD or managed images will be retired on 31 March 2026	<a href="https://azure.microsoft.com/en-us/updates/batch-custom-image-pools-using-vhd-or-managed-images-will-be-retired-on-31-march-2024/">https://azure.microsoft.com/en-us/updates/batch-custom-image-pools-using-vhd-or-managed-images-will-be-retired-on-31-march-2024/</a>	Transition custom image pools use images from Azure Compute Gallery	Saturday	Azure Updates, Batch
Docker container runtime retirement for Windows node pools effective May 1, 2023	<a href="https://azure.microsoft.com/en-us/updates/docker-container-runtime-retirement-for-windows-node-pools-effective-may-1-2023/">https://azure.microsoft.com/en-us/updates/docker-container-runtime-retirement-for-windows-node-pools-effective-may-1-2023/</a>	Migrate to containers before May 1, 2023	Saturday	Azure Updates
AKS will stop support for Windows Server 2019 on March 1 2026	<a href="https://azure.microsoft.com/en-us/updates/aks-will-stop-support-for-windows-server-2019-on-march-1-2026/">https://azure.microsoft.com/en-us/updates/aks-will-stop-support-for-windows-server-2019-on-march-1-2026/</a>	Transition your Kubernetes workloads on Windows Server 2019 to Windows Server 2022 by March 1 2026.	Saturday	Azure Updates
Batch Service in select regions will be retired on 31 March 2026	<a href="https://azure.microsoft.com/en-us/updates/batch-service-in-select-regions-will-be-retired-on-31-march-2026/">https://azure.microsoft.com/en-us/updates/batch-service-in-select-regions-will-be-retired-on-31-march-2026/</a>	Migrate your Batch workloads before 31 March 2026 to other regions where Azure Batch will continue to be available.	Saturday	Azure Updates, Batch
Azure Automation is retiring Agent-based User Hybrid Runbook Worker (Windows & Linux) on 31 August 2024	<a href="https://azure.microsoft.com/en-us/updates/retirement-azure-automation-agent-user-hybrid-worker/">https://azure.microsoft.com/en-us/updates/retirement-azure-automation-agent-user-hybrid-worker/</a>	Azure Automation is retiring Agent-based User Hybrid Runbook Worker on 31 August 2024	Saturday	Azure Updates
Azure Maps Elevation APIs and Render V2 DEM tiles will be retired on 5 May 2023	<a href="https://azure.microsoft.com/en-us/updates/azure-maps-elevation-apis-and-render-v2-dem-tiles-will-be-retired-on-5-may-2023/">https://azure.microsoft.com/en-us/updates/azure-maps-elevation-apis-and-render-v2-dem-tiles-will-be-retired-on-5-may-2023/</a>	To avoid service disruption in your applications, please review the following migration options and transition before 5 May 2023.	Saturday	Azure Updates

Microsoft Incident Response Retainer is generally available	<a href="https://www.microsoft.com/en-us/security/blog/2023/03/27/microsoft-incident-response-retainer-is-generally-available/">https://www.microsoft.com/en-us/security/blog/2023/03/27/microsoft-incident-response-retainer-is-generally-available/</a>	The task of securing organizations is constantly changing and getting more complex. Many organizations don't have the time, resources, or expertise to build an in-house incident [...]	Tuesday
Guidance on Potential Misconfiguration of Authorization of Multi-Tenant Applications that use Azure AD	<a href="https://msrc-blog.microsoft.com/blog/2023/03/guidance-on-potential-misconfiguration-of-authorization-of-multi-tenant-applications-that-use-azure-ad/">https://msrc-blog.microsoft.com/blog/2023/03/guidance-on-potential-misconfiguration-of-authorization-of-multi-tenant-applications-that-use-azure-ad/</a>	Summary Summary Microsoft has addressed an authorization misconfiguration for multi-tenant applications that use Azure AD, initially discovered by Wiz, and reported to Microsoft, that impacted a [...]	Wednesday
Microsoft Secure: Explore innovations transforming the future of security	<a href="https://www.microsoft.com/en-us/security/blog/2023/03/28/microsoft-secure-explore-innovations-transforming-the-future-of-security/">https://www.microsoft.com/en-us/security/blog/2023/03/28/microsoft-secure-explore-innovations-transforming-the-future-of-security/</a>	Building a more secure future requires an end-to-end approach. There is no question that technology plays an essential role, but security will always be human-centered. That's [...]	Wednesday
Azure ADを使用するマルチテナント アプリケーションの承認に関する構成ミスの可能性に関するガイダンス	<a href="https://msrc-blog.microsoft.com/blog/2023/03/guidance-on-potential-misconfiguration-of-authorization-of-multi-tenant-applications-that-use-azure-ad-ja/">https://msrc-blog.microsoft.com/blog/2023/03/guidance-on-potential-misconfiguration-of-authorization-of-multi-tenant-applications-that-use-azure-ad-ja/</a>	本ブログは、Guidance on Potential Misconfiguration of Authorization of Multi-Tenant Applications that use Azure AD の抄訳版です。最新の情報は原文を参照してください	Thursday
Latest Microsoft Entra advancements strengthen identity security	<a href="https://www.microsoft.com/en-us/security/blog/2023/03/30/latest-microsoft-entra-advancements-strengthen-identity-security/">https://www.microsoft.com/en-us/security/blog/2023/03/30/latest-microsoft-entra-advancements-strengthen-identity-security/</a>	If you read behind the attention-grabbing headlines, most novel techniques rely on compromised identities. <sup>1</sup> In fact, of all the ways an attacker can get into your [...]	Friday
Guidance for investigating attacks using CVE-2023-23397	<a href="https://www.microsoft.com/en-us/security/blog/2023/03/24/guidance-for-investigating-attacks-using-cve-2023-23397/">https://www.microsoft.com/en-us/security/blog/2023/03/24/guidance-for-investigating-attacks-using-cve-2023-23397/</a>	This guide provides steps organizations can take to assess whether users have been targeted or compromised by threat actors exploiting CVE-2023-23397. A successful exploit of this [...]	Saturday

Azure Quick Review	<a href="https://luke.geek.nz/azure/azure-quick-review/">https://luke.geek.nz/azure/azure-quick-review/</a>	There are a lot of workbooks that help with Microsoft Azure cost optimization, but when having discussions and looking into SLA/SLO and availability scenarios, there are [...]	Luke Murray
Federation error between Azure AD and Azure AD B2C	<a href="https://medium.com/the-new-control-plane/federation-error-between-azure-ad-and-azure-ad-b2c-e01876c5df62?source=rss---3a246e667a75---4">https://medium.com/the-new-control-plane/federation-error-between-azure-ad-and-azure-ad-b2c-e01876c5df62?source=rss---3a246e667a75---4</a>	Out of nowhere, a federation between Azure AD and B2C that had worked for a while just stopped working 😞 The error message was: "AADB2C90289: We encountered an [...]"	Rory Braybrook
179 – Azure Updates	<a href="https://share.transistor.fm/s/d9cd7538">https://share.transistor.fm/s/d9cd7538</a>	We take a frequent look at the recent Azure Updates. This week we found updates on Azure Firewall, Data API Builder, Azure AD Graph and Durable [...]	Tobias Zimmergren

### Azure Architecture Center (0 new or updated articles)

### Microsoft Learn (75 new or modified learn modules)

Name	Link	Description	Publication	Category

			Day	
Implement app protection by using Microsoft Defender for Cloud Apps	<a href="https://learn.microsoft.com/en-us/training/modules/implement-app-protection-use-microsoft-defender-cloud-apps">https://learn.microsoft.com/en-us/training/modules/implement-app-protection-use-microsoft-defender-cloud-apps</a>	This module examines how to implement Microsoft Defender for Cloud Apps, which identifies and combats cyberthreats across all your Microsoft and third-party cloud services. MS-102	Tuesday	Microsoft Learn,Microsoft 365,Office 365
Configure Azure Blob Storage	<a href="https://learn.microsoft.com/en-us/training/modules/configure-blob-storage">https://learn.microsoft.com/en-us/training/modules/configure-blob-storage</a>	Learn how to configure Azure Blob Storage, including tiers and object replication.	Tuesday	Microsoft Learn,Azure Blob Storage
Set up a test environment for application testing in Azure Active Directory	<a href="https://learn.microsoft.com/en-us/training/modules/create-azure-active-directory-test-environment">https://learn.microsoft.com/en-us/training/modules/create-azure-active-directory-test-environment</a>	Evaluate whether you need a dedicated test tenant for your application test environment or whether you can use a production tenant. Create a dedicated Azure AD [...]	Tuesday	Microsoft Learn,Azure,entra Azure Active Directory
Configure Azure Load Balancer	<a href="https://learn.microsoft.com/en-us/training/modules/configure-azure-load-balancer">https://learn.microsoft.com/en-us/training/modules/configure-azure-load-balancer</a>	Configure Azure Load Balancer	Tuesday	Microsoft Learn,Azure Load Balancer
Enterprise 5G technologies for Azure Cloud Services	<a href="https://learn.microsoft.com/en-us/training/modules/enterprise-5g-technologies">https://learn.microsoft.com/en-us/training/modules/enterprise-5g-technologies</a>	We introduce Enterprise 5G technologies for Azure	Tuesday	Microsoft Learn,Azure IoT Edge
Configure Azure Virtual Network peering	<a href="https://learn.microsoft.com/en-us/training/modules/configure-vnet-peering">https://learn.microsoft.com/en-us/training/modules/configure-vnet-peering</a>	Learn to configure an Azure Virtual Network peering connection and address transit and connectivity concerns.	Tuesday	Microsoft Learn,Azure Virtual Network
Create and manage workspaces in Power BI	<a href="https://learn.microsoft.com/en-us/training/modules/create-manage-workspaces-power-bi">https://learn.microsoft.com/en-us/training/modules/create-manage-workspaces-power-bi</a>	This module explains how you can share reports and datasets with your users and how to create a deployment strategy that makes sense for you and [...]	Tuesday	Microsoft Learn,Microsoft Power Platform,Microsoft Power Platform Power BI
Explore threat intelligence in Microsoft 365 Defender	<a href="https://learn.microsoft.com/en-us/training/modules/explore-threat-intelligence-microsoft-365-defender">https://learn.microsoft.com/en-us/training/modules/explore-threat-intelligence-microsoft-365-defender</a>	This module examines how Microsoft 365 Threat Intelligence provides admins with evidence-based knowledge and actionable advice that can be used to make informed decisions about protecting [...]	Tuesday	Microsoft Learn,Microsoft 365,Office 365
Define academic and industry requirements for implementing certifications in degree programs	<a href="https://learn.microsoft.com/en-us/training/modules/academic-program-certifications-define-requirements">https://learn.microsoft.com/en-us/training/modules/academic-program-certifications-define-requirements</a>	Identify the main processes involved in planning to implement certifications and to define academic and industry requirements in a new program proposal document.	Tuesday	Microsoft Learn,Azure
Implement threat protection by using Microsoft Defender for Office 365	<a href="https://learn.microsoft.com/en-us/training/modules/implement-threat-protection-use-microsoft-defender-office-365">https://learn.microsoft.com/en-us/training/modules/implement-threat-protection-use-microsoft-defender-office-365</a>	This module examines the Microsoft Defender for Office 365 protection stack and its corresponding threat intelligence features, including Threat Explorer, Threat Trackers, and Attack simulation training. [...]	Tuesday	Microsoft Learn,Microsoft 365,Office 365
Implement endpoint protection by using	<a href="https://learn.microsoft.com/en-us/training/modules/implement-">https://learn.microsoft.com/en-us/training/modules/implement-</a>	This module examines how Microsoft Defender for	Tuesday	Microsoft Learn,Microsoft 365,Office 365

Microsoft Defender for Endpoint	<a href="#">endpoint-protection-use-microsoft-defender-endpoint</a>	Endpoint helps enterprise networks prevent, detect, investigate, and respond to advanced threats by using endpoint behavioral sensors, cloud security [...]		
Lead forward: Integrate the best strategies from remote, hybrid, and blended learning for school leaders	<a href="https://learn.microsoft.com/en-us/training/modules/lead-forward-remote-hybrid-blended">https://learn.microsoft.com/en-us/training/modules/lead-forward-remote-hybrid-blended</a>	This module helps school leaders assess, implement, navigate, and sustain a blended learning environment to improve student learning outcomes and ensure high student agency.	Tuesday	Microsoft Learn,Windows
Introduction to Azure Monitor	<a href="https://learn.microsoft.com/en-us/training/modules/intro-to-azure-monitor">https://learn.microsoft.com/en-us/training/modules/intro-to-azure-monitor</a>	Learn what Azure Monitor is and where you would use it.	Tuesday	Microsoft Learn,Azure,Azure Monitor
Choose the right disk storage for your virtual machine workload	<a href="https://learn.microsoft.com/en-us/training/modules/choose-the-right-disk-storage-for-vm-workload">https://learn.microsoft.com/en-us/training/modules/choose-the-right-disk-storage-for-vm-workload</a>	Azure provides a variety of disk storage options for virtual machine workloads. Identify the features of capabilities of each type to ensure your application performs optimally.	Tuesday	Microsoft Learn,Azure,Azure Disk Storage,Azure Virtual Machines
Introduction to Azure Routing Preference	<a href="https://learn.microsoft.com/en-us/training/modules/intro-to-azure-routing-preference">https://learn.microsoft.com/en-us/training/modules/intro-to-azure-routing-preference</a>	Describe routing preference and routing preference unmetered in Azure and recognize scenarios where routing preference is applicable.	Wednesday	Microsoft Learn,Azure Virtual Network
Create and throw exceptions in C# console applications	<a href="https://learn.microsoft.com/en-us/training/modules/create-throw-exceptions-c-sharp">https://learn.microsoft.com/en-us/training/modules/create-throw-exceptions-c-sharp</a>	This module explores the process for creating, throwing, and catching customized exceptions in a C# console application. Hands-on activities provide experience customizing exception properties, throwing exceptions, [...]	Wednesday	Microsoft Learn,.NET,.NET Core,.NET Framework,Visual Studio Code
Assemble learners and staff with Microsoft Teams meetings	<a href="https://learn.microsoft.com/en-us/training/modules/assemble-learners-staff-microsoft-teams-meetings">https://learn.microsoft.com/en-us/training/modules/assemble-learners-staff-microsoft-teams-meetings</a>	Discover new ways to create and share Microsoft Teams meetings that facilitate sharing different types of content from various sources. Explore the granular controls educators need [...]	Wednesday	Microsoft Learn,Microsoft Teams
Introduction to Azure Stack	<a href="https://learn.microsoft.com/en-us/training/modules/intro-to-azure-stack">https://learn.microsoft.com/en-us/training/modules/intro-to-azure-stack</a>	This module introduces you to the Azure Stack portfolio and describes basic architecture, core capabilities, and primary use cases of its products. You'll also learn about [...]	Wednesday	Microsoft Learn,Azure Stack,Azure Stack Edge,Azure Stack HCI,Azure Stack Hub
Enable secure external collaboration for your applications with Azure AD B2B	<a href="https://learn.microsoft.com/en-us/training/modules/enable-external-collaboration-with-b2b">https://learn.microsoft.com/en-us/training/modules/enable-external-collaboration-with-b2b</a>	Azure AD B2B collaboration lets you securely share your company's applications and services with guest users from any other organization, while maintaining control over your own [...]	Wednesday	Microsoft Learn,Azure,entra Azure Active Directory
Use AutoML in Azure Databricks	<a href="https://learn.microsoft.com/en-us/training/modules/automl-azure-databricks">https://learn.microsoft.com/en-us/training/modules/automl-azure-databricks</a>	Learn how to use AutoML to train optimal machine learning models for your data in Azure Databricks	Wednesday	Microsoft Learn,Azure Databricks

Create composable Bicep files by using modules	<a href="https://learn.microsoft.com/en-us/training/modules/create-composable-bicep-files-using-modules">https://learn.microsoft.com/en-us/training/modules/create-composable-bicep-files-using-modules</a>	Build Bicep modules that are reusable, flexible, and shareable. Add parameters, conditions, and outputs to make your modules composable into templates.	Wednesday	Microsoft Learn,Azure Resource Manager
Configuring process properties in WinAutomation	<a href="https://learn.microsoft.com/en-us/training/modules/process-properties">https://learn.microsoft.com/en-us/training/modules/process-properties</a>	Learn how to configure WinAutomation process properties.	Thursday	Microsoft Learn,Microsoft Power Platform,Microsoft Power Platform Power Automate
Synchronization actions in WinAutomation	<a href="https://learn.microsoft.com/en-us/training/modules/sync-actions">https://learn.microsoft.com/en-us/training/modules/sync-actions</a>	Learn about the synchronization actions in WinAutomation.	Thursday	Microsoft Learn,Microsoft Power Platform,Microsoft Power Platform Power Automate
Combine WinAutomation and Power Automate	<a href="https://learn.microsoft.com/en-us/training/modules/winautomation-power-automate">https://learn.microsoft.com/en-us/training/modules/winautomation-power-automate</a>	This module describes how to use the WinAutomation connector to run WinAutomation from a Power Automate flow.	Thursday	Microsoft Learn,Microsoft Power Platform,Microsoft Power Platform Power Automate
Process monitoring and auditing with WinAutomation	<a href="https://learn.microsoft.com/en-us/training/modules/process-monitoring-auditing">https://learn.microsoft.com/en-us/training/modules/process-monitoring-auditing</a>	Learn how to create and review logs to monitor your processes.	Thursday	Microsoft Learn,Microsoft Power Platform,Microsoft Power Platform Power Automate
Web automation in WinAutomation	<a href="https://learn.microsoft.com/en-us/training/modules/web-automation">https://learn.microsoft.com/en-us/training/modules/web-automation</a>	Learn about the web automation actions in WinAutomation.	Thursday	Microsoft Learn,Microsoft Power Platform,Microsoft Power Platform Power Automate
Run WinAutomation processes	<a href="https://learn.microsoft.com/en-us/training/modules/run-winautomation-processes">https://learn.microsoft.com/en-us/training/modules/run-winautomation-processes</a>	This module covers the basic options available in WinAutomation for running processes.	Thursday	Microsoft Learn,Microsoft Power Platform,Microsoft Power Platform Power Automate
Automate system and services actions in WinAutomation	<a href="https://learn.microsoft.com/en-us/training/modules/system-services-actions">https://learn.microsoft.com/en-us/training/modules/system-services-actions</a>	Learn about the system and services actions in WinAutomation.	Thursday	Microsoft Learn,Microsoft Power Platform,Microsoft Power Platform Power Automate
Automating email handling in WinAutomation	<a href="https://learn.microsoft.com/en-us/training/modules/automating-email-handling">https://learn.microsoft.com/en-us/training/modules/automating-email-handling</a>	Learn about the email handling actions in WinAutomation.	Thursday	Microsoft Learn,Microsoft Power Platform,Microsoft Power Platform Power Automate
Extend Sustainability Manager for building complex Scope 3 calculations	<a href="https://learn.microsoft.com/en-us/training/modules/sustainability-complex-calculations">https://learn.microsoft.com/en-us/training/modules/sustainability-complex-calculations</a>	Learn how to build complex Scope 3 calculations by extending Microsoft Sustainability Manager.	Thursday	Microsoft Learn,Industry Solutions,Industry Solutions msccloud-sustainability
Design a data storage solution for relational data	<a href="https://learn.microsoft.com/en-us/training/modules/design-data-storage-solution-for-relational-data">https://learn.microsoft.com/en-us/training/modules/design-data-storage-solution-for-relational-data</a>	Azure Architects design and recommend relational data storage solutions.	Thursday	Microsoft Learn,Azure Cosmos DB,Azure SQL Database,Azure SQL Edge,Azure SQL Managed Instance,Azure SQL Server on Virtual Machines,Azure SQL Virtual Machines,Azure Table Storage,SQL Server
Configure Azure Active Directory	<a href="https://learn.microsoft.com/en-us/training/modules/configure-azure-active-directory">https://learn.microsoft.com/en-us/training/modules/configure-azure-active-directory</a>	Learn how to configure Azure Active Directory, including features like Azure AD join and self-service password reset.	Thursday	Microsoft Learn,Azure
Create C# methods with parameters	<a href="https://learn.microsoft.com/en-us/training/modules/create-c-sharp-methods-parameters">https://learn.microsoft.com/en-us/training/modules/create-c-sharp-methods-parameters</a>	This module covers method parameters, including pass-by-reference and pass-by-value parameter types. This module also covers optional and named arguments.	Thursday	Microsoft Learn,.NET Framework,Visual Studio Code

Scripting in WinAutomation	<a href="https://learn.microsoft.com/en-us/training/modules/scripting">https://learn.microsoft.com/en-us/training/modules/scripting</a>	Learn about the scripting actions in WinAutomation.	Thursday	Microsoft Learn,Microsoft Power Platform,Microsoft Power Platform Power Automate
Handle variables in WinAutomation	<a href="https://learn.microsoft.com/en-us/training/modules/winautomation-variables">https://learn.microsoft.com/en-us/training/modules/winautomation-variables</a>	In this module, we'll discuss how to create, access, edit and manipulate variables in WinAutomation.	Thursday	Microsoft Learn,Microsoft Power Platform,Microsoft Power Platform Power Automate
Introduction to WinAutomation	<a href="https://learn.microsoft.com/en-us/training/modules/introduction-winautomation">https://learn.microsoft.com/en-us/training/modules/introduction-winautomation</a>	Learn about the features and structure of WinAutomation.	Thursday	Microsoft Learn,Microsoft Power Platform,Microsoft Power Platform Power Automate
Use WinAutomation to interact with windows and applications	<a href="https://learn.microsoft.com/en-us/training/modules/ui-automation">https://learn.microsoft.com/en-us/training/modules/ui-automation</a>	Learn how WinAutomation identifies and interacts with UI elements and windows.	Thursday	Microsoft Learn,Microsoft Power Platform,Microsoft Power Platform Power Automate
Write your first PowerShell code	<a href="https://learn.microsoft.com/en-us/training/modules/powershell-write-first">https://learn.microsoft.com/en-us/training/modules/powershell-write-first</a>	In this module, you begin learning the basics of programming by writing and running code in PowerShell.	Thursday	Microsoft Learn,.NET
Choose a compute provisioning solution for your application	<a href="https://learn.microsoft.com/en-us/training/modules/choose-compute-provisioning">https://learn.microsoft.com/en-us/training/modules/choose-compute-provisioning</a>	Discover the services and tools available to automate the deployment and configuration of your Azure infrastructure.	Thursday	Microsoft Learn,Azure
Configure exception and error handling in WinAutomation	<a href="https://learn.microsoft.com/en-us/training/modules/exception-error-handling">https://learn.microsoft.com/en-us/training/modules/exception-error-handling</a>	In this module, we'll discuss how to configure exception and error handling behavior.	Thursday	Microsoft Learn,Microsoft Power Platform,Microsoft Power Platform Power Automate
Adjust process behavior using conditional actions with WinAutomation	<a href="https://learn.microsoft.com/en-us/training/modules/conditionals">https://learn.microsoft.com/en-us/training/modules/conditionals</a>	Learn how to use conditional actions to configure a process to vary behavior at runtime-based information in the environment.	Thursday	Microsoft Learn,Microsoft Power Platform,Microsoft Power Platform Power Automate
Use Dynamics 365 Sales from Dynamics 365 Business Central	<a href="https://learn.microsoft.com/en-us/training/modules/use-sales-business-central">https://learn.microsoft.com/en-us/training/modules/use-sales-business-central</a>	Learn how to handle coupling during integration of Dynamics 365 Sales and Dynamics 365 Business Central.	Thursday	Microsoft Learn,Dynamics 365,Dynamics 365 Business Central,Dynamics 365 Sales
Excel automation in WinAutomation	<a href="https://learn.microsoft.com/en-us/training/modules/excel-automation">https://learn.microsoft.com/en-us/training/modules/excel-automation</a>	Learn about automating Microsoft Excel actions in WinAutomation.	Thursday	Microsoft Learn,Microsoft Power Platform,Microsoft Power Platform Power Automate
WinAutomation development essentials	<a href="https://learn.microsoft.com/en-us/training/modules/winautomation-development-essentials">https://learn.microsoft.com/en-us/training/modules/winautomation-development-essentials</a>	This module covers the basic development features available in WinAutomation.	Thursday	Microsoft Learn,Microsoft Power Platform,Microsoft Power Platform Power Automate
Simulate mouse and keyboard actions by using WinAutomation	<a href="https://learn.microsoft.com/en-us/training/modules/mouse-keyboard">https://learn.microsoft.com/en-us/training/modules/mouse-keyboard</a>	Learn how to use WinAutomation to simulate mouse and keyboard actions.	Thursday	Microsoft Learn,Microsoft Power Platform,Microsoft Power Platform Power Automate
Communicate using message boxes in WinAutomation processes	<a href="https://learn.microsoft.com/en-us/training/modules/message-boxes">https://learn.microsoft.com/en-us/training/modules/message-boxes</a>	In this module, we will discuss the use of message boxes in automated processes.	Thursday	Microsoft Learn,Microsoft Power Platform,Microsoft Power Platform Power Automate
Take your first steps with WinAutomation	<a href="https://learn.microsoft.com/en-us/training/modules/first-steps-winautomation">https://learn.microsoft.com/en-us/training/modules/first-steps-winautomation</a>	In this module, we'll discuss how to create and monitor simple processes in WinAutomation.	Thursday	Microsoft Learn,Microsoft Power Platform,Microsoft Power Platform Power Automate

Text manipulation in WinAutomation	<a href="https://learn.microsoft.com/en-us/training/modules/text-manipulation">https://learn.microsoft.com/en-us/training/modules/text-manipulation</a>	Learn how to manipulate text and DateTime values in WinAutomation.	Thursday	Microsoft Learn,Microsoft Power Platform,Microsoft Power Platform Power Automate
OCR technologies in WinAutomation	<a href="https://learn.microsoft.com/en-us/training/modules/ocr-technologies">https://learn.microsoft.com/en-us/training/modules/ocr-technologies</a>	Learn about the optical character recognition (OCR) actions in WinAutomation.	Thursday	Microsoft Learn,Microsoft Power Platform,Microsoft Power Platform Power Automate
Active Directory handling in WinAutomation	<a href="https://learn.microsoft.com/en-us/training/modules/active-directory">https://learn.microsoft.com/en-us/training/modules/active-directory</a>	Learn about the Active Directory actions in WinAutomation.	Thursday	Microsoft Learn,Microsoft Power Platform,Microsoft Power Platform Power Automate
Generate WinAutomation processes by recording	<a href="https://learn.microsoft.com/en-us/training/modules/winautomation-recording-features">https://learn.microsoft.com/en-us/training/modules/winautomation-recording-features</a>	In this module, we will examine the ways in which users can automate tasks by performing them manually and recording the process.	Thursday	Microsoft Learn,Microsoft Power Platform,Microsoft Power Platform Power Automate
Control file and folder handling in WinAutomation	<a href="https://learn.microsoft.com/en-us/training/modules/files-folders-handling">https://learn.microsoft.com/en-us/training/modules/files-folders-handling</a>	Learn about the files and folders actions in WinAutomation.	Thursday	Microsoft Learn,Microsoft Power Platform,Microsoft Power Platform Power Automate
Database handling in WinAutomation	<a href="https://learn.microsoft.com/en-us/training/modules/database-handling">https://learn.microsoft.com/en-us/training/modules/database-handling</a>	Learn about the database actions in WinAutomation.	Thursday	Microsoft Learn,Microsoft Power Platform,Microsoft Power Platform Power Automate
Configure flow control in WinAutomation	<a href="https://learn.microsoft.com/en-us/training/modules/flow-control">https://learn.microsoft.com/en-us/training/modules/flow-control</a>	Learn about the flow control actions in WinAutomation.	Thursday	Microsoft Learn,Microsoft Power Platform,Microsoft Power Platform Power Automate
Using repositories in WinAutomation	<a href="https://learn.microsoft.com/en-us/training/modules/using-repositories">https://learn.microsoft.com/en-us/training/modules/using-repositories</a>	In this module, we'll discuss how to use controls and images through the WinAutomation repositories.	Thursday	Microsoft Learn,Microsoft Power Platform,Microsoft Power Platform Power Automate
Configure WinAutomation options	<a href="https://learn.microsoft.com/en-us/training/modules/winautomation-options">https://learn.microsoft.com/en-us/training/modules/winautomation-options</a>	Learn about the global options that will help you keep your WinAutomation system running the way you want.	Thursday	Microsoft Learn,Microsoft Power Platform,Microsoft Power Platform Power Automate
Automate repetitive tasks using loops in WinAutomation	<a href="https://learn.microsoft.com/en-us/training/modules/loops">https://learn.microsoft.com/en-us/training/modules/loops</a>	Learn how to use loops to repeat blocks of actions in a process.	Thursday	Microsoft Learn,Microsoft Power Platform,Microsoft Power Platform Power Automate
Intro to confidential computing with Azure Virtual Machines	<a href="https://learn.microsoft.com/en-us/training/modules/intro-to-confidential-computing-with-azure-virtual-machines">https://learn.microsoft.com/en-us/training/modules/intro-to-confidential-computing-with-azure-virtual-machines</a>	Learn to use Microsoft Azure confidential computing for virtual machines.	Friday	Microsoft Learn,Azure,Azure Virtual Machines
Get started building with Power BI	<a href="https://learn.microsoft.com/en-us/training/modules/get-started-with-power-bi">https://learn.microsoft.com/en-us/training/modules/get-started-with-power-bi</a>	Power BI is a collection of software services and applications that let you connect to all sorts of data sources and create compelling visuals and reports. [...]	Friday	Microsoft Learn,Microsoft Power Platform,Microsoft Power Platform Power BI
Get started with Azure OpenAI Service	<a href="https://learn.microsoft.com/en-us/training/modules/get-started-openai">https://learn.microsoft.com/en-us/training/modules/get-started-openai</a>	Azure OpenAI Service enables engineers to build enterprise-grade generative AI solutions.	Friday	Microsoft Learn,Azure,Azure azure-openai
Guided project – Build a .NET app with Azure Cosmos DB for NoSQL	<a href="https://learn.microsoft.com/en-us/training/modules/build-dotnet-app-azure-cosmos-db-nosql">https://learn.microsoft.com/en-us/training/modules/build-dotnet-app-azure-cosmos-db-nosql</a>	This module walks through connecting to Azure Cosmos DB for NoSQL to create and query container	Friday	Microsoft Learn,Azure Cosmos DB

		items from a .NET console application.		
Generate inventory and compliance reports	<a href="https://learn.microsoft.com/en-us/training/modules/inventory-compliance-reports">https://learn.microsoft.com/en-us/training/modules/inventory-compliance-reports</a>	This module describes how to use Microsoft Endpoint Manager and Power BI to create compliance and custom reports.	Friday	Microsoft Learn,Intune,intune configuration-manager,Windows
Plan a Moon mission by using Python pandas	<a href="https://learn.microsoft.com/en-us/training/modules/plan-moon-mission-using-python-pandas">https://learn.microsoft.com/en-us/training/modules/plan-moon-mission-using-python-pandas</a>	Like Fei Fei, use data to plan your own mission to the Moon. Ensure that your rocket can not only get you there, but also bring [...]	Friday	Microsoft Learn,Visual Studio Code
Configure Azure Files and Azure File Sync	<a href="https://learn.microsoft.com/en-us/training/modules/configure-azure-files-file-sync">https://learn.microsoft.com/en-us/training/modules/configure-azure-files-file-sync</a>	Learn how to configure Azure Files and Azure File Sync.	Friday	Microsoft Learn,Azure Files
Protect identities in Active Directory Domain Services	<a href="https://learn.microsoft.com/en-us/training/modules/protect-identities-azure-active-directory">https://learn.microsoft.com/en-us/training/modules/protect-identities-azure-active-directory</a>	This module introduces students to the various authentication methods used to protect identities.	Friday	Microsoft Learn,Intune,intune configuration-manager,Windows
Guided project – Calculate final GPA	<a href="https://learn.microsoft.com/en-us/training/modules/guided-project-calculate-final-gpa">https://learn.microsoft.com/en-us/training/modules/guided-project-calculate-final-gpa</a>	Guided project – Calculate final GPA	Friday	Microsoft Learn,.NET,Visual Studio Code
Introduction to Azure Private Link	<a href="https://learn.microsoft.com/en-us/training/modules/introduction-azure-private-link">https://learn.microsoft.com/en-us/training/modules/introduction-azure-private-link</a>	Describe how Azure Private Link enables private connectivity to Azure services, including its features, how it works, and its use cases.	Friday	Microsoft Learn,Azure Private Link
Create and manage session host image for Azure Virtual Desktop	<a href="https://learn.microsoft.com/en-us/training/modules/create-manage-session-host-image">https://learn.microsoft.com/en-us/training/modules/create-manage-session-host-image</a>	Create and manage session host image for Azure Virtual Desktop	Friday	Microsoft Learn,Azure,Azure Virtual Desktop,Azure Virtual Machines
Design and implement network security	<a href="https://learn.microsoft.com/en-us/training/modules/design-implement-network-security-monitoring">https://learn.microsoft.com/en-us/training/modules/design-implement-network-security-monitoring</a>	You will learn to design and implement network security solutions such as Azure DDoS, Azure Firewall, Network Security Groups, and Web Application Firewall.	Friday	Microsoft Learn,Azure DDoS Protection,Azure Firewall,Azure Firewall Manager,Azure Monitor,Azure Network Watcher,Azure Traffic Manager,Azure Virtual Network,Azure Web Application Firewall
Automate Azure infrastructure change reviews by using Bicep and GitHub	<a href="https://learn.microsoft.com/en-us/training/modules/automate-azure-infrastructure-change-reviews-using-bicep-github">https://learn.microsoft.com/en-us/training/modules/automate-azure-infrastructure-change-reviews-using-bicep-github</a>	Build an automated pull request workflow for Bicep code. Lint code automatically during every pull request, and deploy temporary ephemeral environments by using GitHub and GitHub [...]	Friday	Microsoft Learn,Azure Resource Manager,GitHub
Implement device compliance	<a href="https://learn.microsoft.com/en-us/training/modules/implement-device-compliance">https://learn.microsoft.com/en-us/training/modules/implement-device-compliance</a>	This module describes how to use compliance and conditional access policies to help protect access to organizational resources.	Friday	Microsoft Learn,Intune,intune configuration-manager,Windows
