Weekly Update: Saturday May 06 2023 to Saturday May 13 2023

Azure Updates (28 new azure updates)

Name	Link	Description	Publication Day	Category
Preview: Automatic Scaling for App Service Web Apps	https://azure.microsoft.com/en-us/updates/preview-automatic-scaling-for-app-service-web-apps/	App Service has an automatic scaling capability that adjusts the number of running instances of your application based on incoming HTTP requests.	Tuesday	Azure Updates
Generalized Azure Compute Gallery custom image support in Update management center	https://azure.microsoft.com/en-us/updates/generalized-azure-compute-gallery-custom-image-support-in-update-management-center/	VM Image support for Update management center has expanded with the addition of support for generalized Azure Compute Gallery custom images.	Tuesday	Azure Updates
Generalized Azure Compute Gallery custom image support in Update management center	https://azure.microsoft.com/en-us/updates/generalized-azure-compute-gallery-custom-image-support-in-update-management-center/	VM Image support for Update management center has expanded with the addition of support for generalized Azure Compute Gallery custom images.	Tuesday	Azure Updates
Generally available: Azure DNS Private Resolver is available in 8 additional regions	https://azure.microsoft.com/en-us/updates/generally-available-azure-dns-private-resolver-is-available-in-8-additional-regions/	Azure DNS Private Resolver is now available in West US, Canada East, Qatar Central, UAE North, Australia Southeast, Norway East, Norway East, and Poland Central.	Tuesday	Azure Updates
General availability: Inbound ICMPv4 pings are now supported on Azure Load Balancer	https://azure.microsoft.com/en-us/updates/general-availability-inbound-icmpv4-pings-are-now-supported-on-azure-load-balancer/	Inbound ICMPv4 pings are now supported on Azure Load Balancer.	Tuesday	Azure Updates
Public preview: Always Serve for Azure Traffic Manager	https://azure.microsoft.com/en-us/updates/alwaysserve/	We are excited to announce that the AlwaysServe feature for Azure Traffic Manager is now available in Public Preview. This feature allows customers to disable endpoint [...]	Tuesday	Azure Updates
Public Preview: App Service Minimum TLS Cipher Suite Now on Azure Portal	https://azure.microsoft.com/en-us/updates/app-service-min-tls-cipher-suite-preview/	Disable Weak TLS Cipher Suites for Your App Service Web Apps (Preview)	Wednesday	Azure Updates
General availability: Azure Sphere OS version 23.05 expected on May 24	https://azure.microsoft.com/en-us/updates/general-availability-azure-sphere-os-version-2305-expected-on-may-24/	Participate in the retail evaluation now to ensure full compatibility. The OS evaluation period provides 14 days for backward compatibility testing.	Wednesday	Azure Updates
Azure VMware Solution on Azure Government	https://azure.microsoft.com/en-us/updates/azure-vmware-solution-on-azure-government/	We are excited to share details for the General Availability of Azure VMware Solution on Microsoft Azure Government	Thursday	Azure Updates
Generally available: Azure Monitor Agent supports	https://azure.microsoft.com/en-us/updates/generally-available-azure-monitor-agent-supports/	Linux Azure Monitor Agent is now officially supported and tested on CIS and SELinux Operating Systems	Thursday	Azure Updates

Linux Hardening for CIS and SELinux	monitor-agent-supports-linux-hardening-for-cis-and-selinux/	and Distro. Monitor will continue to test and support these [...]		
Public Preview: Azure Monitor OpenTelemetry Distro for ASP.NET Core, JavaScript (Node.js), Python	https://azure.microsoft.com/en-us/updates/public-preview-azure-monitor-opentelemetry-distro-for-aspnet-core-javascript-nodejs-python/	Onboard to Azure Monitor Application Insights using standard, cloud-native APIs and SDKs with rich data collection capabilities and a first-class Azure experience.	Thursday	Azure Updates
Azure SQL—Public preview updates for early-May 2023	https://azure.microsoft.com/en-us/updates/azure-sql-public-preview-updates-for-earlymay-2023/	Public preview enhancements and updates released for Azure SQL in mid-May 2023	Thursday	Azure Updates
Azure SQL—General availability updates for mid-May 2023	https://azure.microsoft.com/en-us/updates/azure-sql-general-availability-updates-for-midmay-2023/	General availability enhancements and updates released for Azure SQL in mid-May 2023	Thursday	Azure Updates
Azure Advisor data in Azure Resource Graph is now available in Azure China and US Government clouds	https://azure.microsoft.com/en-us/updates/azure-advisor-data-in-azure-resource-graph-is-now-available-in-azure-china-and-us-government-clouds/	Advisor recommendations are now available in Azure Resource Graph in Azure China and US Government clouds.	Thursday	Azure Updates
GA: GitHub action to build and deploy to Azure Container Apps	https://azure.microsoft.com/en-us/updates/ga-github-action-to-build-and-deploy-to-azure-container-apps/	Use a GitHub action to build and deploy to Azure Container Apps.	Thursday	Azure Updates
Public preview: Azure Cache for Redis trigger for Azure Functions	https://azure.microsoft.com/en-us/updates/public-preview-azure-cache-for-redis-trigger-for-azure-functions/	Trigger serverless functions through Azure Cache for Redis	Thursday	Azure Updates
Public preview: 99th percentile latency metric in Azure Cache for Redis	https://azure.microsoft.com/en-us/updates/public-preview-99th-percentile-latency-metric-in-azure-cache-for-redis/	Debug server-side latency with a new Azure Cache for Redis metric	Thursday	Azure Updates
General Availability: Azure Database for MySQL – Flexible Server major version upgrader	https://azure.microsoft.com/en-us/updates/general-availability-azure-database-for-mysql-flexible-server-major-version-upgrader/	Upgrade your Azure Database for MySQL flexible server version from 5.7 to 8.0.	Thursday	Azure Updates
GA: Azure Pipelines task to build and deploy to Azure Container Apps	https://azure.microsoft.com/en-us/updates/ga-azure-pipelines-task-to-build-and-deploy-to-azure-container-apps/	Use an Azure Pipelines task to build and deploy to Azure Container Apps.	Thursday	Azure Updates
Public Preview – Azure Cache for Redis now supports aAAD based authentication and authorization	https://azure.microsoft.com/en-us/updates/public-preview-azure-cache-for-redis-now-supports-aad-based-authentication-and-authorization/	Preview password-free authentication with integrated Azure Active Directory (AAD) complemented with role-based access control supported by open source Redis.	Thursday	Azure Updates
Public Preview: Cross Origin Resource Sharing (CORS) in Azure Container Apps	https://azure.microsoft.com/en-us/updates/public-preview-cross-origin-resource-sharing-cors-in-azure-container-apps/	You can now enable CORS for your Azure Container App through the portal or CLI.	Thursday	Azure Updates
Public preview: Init containers in Azure Container Apps	https://azure.microsoft.com/en-us/updates/public-preview-init-containers-in-azure-container-apps/	You can now have separate containers that run before application containers are started in a replica and can perform all of the initialization logic.	Thursday	Azure Updates
Public Preview: Database-is-alive metrics for monitoring Azure PostgreSQL Flexible Server database availability.	https://azure.microsoft.com/en-us/updates/public-preview-databaseisalive-metrics-for-monitoring-azure-postgres-flexible-server-database-availability-2/	Monitor the database availability for Azure Database for PostgreSQL – Flexible Server via database-is-alive metric.	Thursday	Azure Updates
Generally available: Azure Bastion now support shareable links	https://azure.microsoft.com/en-us/updates/generally-available-azure-bastion-shareable-links/	Shareable links allows users to connect to target resources via Azure Bastion without access to the Azure portal.	Thursday	Azure Updates
Public Preview: Troubleshooting guides for	https://azure.microsoft.com/en-us/updates/public-preview-troubleshooting-	Save time by analyzing and troubleshooting common	Thursday	Azure Updates

Azure Database for PostgreSQL Flexible Server	guides-for-azure-database-for-postgresql-flexible-server/	performance issues with troubleshooting guides.		
General Availability: AzAcSnap 8 — Azure Application Consistent Snapshot tool updates	https://azure.microsoft.com/en-us/updates/general-availability-azacsnap-8-azure-application-consistent-snapshot-tool-updates/	AzAcSnap Version 8 Release	Friday	Azure Updates
Alert processing rules fields update	https://azure.microsoft.com/en-us/updates/alert-processing-rules-fields-update/	Alert processing rules are a set of rules that allow for modifications to be made to fired alerts, distinct from alert rules which generate new alerts. [...]	Friday	Azure Updates
General Availability: Azure Automation supports Python 3.8 runbooks	https://azure.microsoft.com/en-us/updates/azure-automation-python3-ga/	Azure Automation support for Python 3.8 runbooks is now Generally Available.	Friday	Azure Updates

Hybrid learning in the primary classroom	https://learn.microsoft.com/en-us/training/modules/hybrid-learning-primary-classroom	This module expands upon the introduction module for hybrid learning, with a specific focus on creating a dynamic learning experience for students in primary grades. Primary [...]	Friday	Microsoft Learn, Microsoft Teams, Office 365

Recruit students to the Minecraft Student Ambassador program	https://learn.microsoft.com/en-us/training/modules/recruit-students-minecraft-student-ambassador-program	Recruiting different types of students to your MSA program will ensure its success. This is module 3 in the Minecraft Student Ambassador Program learning path.	Friday	Microsoft Learn,Minecraft
Get started with the Minecraft Student Ambassador program	https://learn.microsoft.com/en-us/training/modules/get-started-minecraft-student-ambassador-program	Start the journey to building your Minecraft Student Ambassador (MSA) Program today. This is module one in the Minecraft Student Ambassador Program learning path.	Friday	Microsoft Learn,Minecraft
Plan your year in the Minecraft Student Ambassador program	https://learn.microsoft.com/en-us/training/modules/plan-your-year	Providing opportunities for MSAs to grow skills and present is critical for success. This is module 5 in the Minecraft Student Ambassador Program learning path.	Friday	Microsoft Learn,Minecraft
Secure and isolate access to Azure resources by using network security groups and service endpoints	https://learn.microsoft.com/en-us/training/modules/secure-and-isolate-with-nsg-and-service-endpoints	Find out how Azure network security groups and service endpoints help you secure your virtual machines and Azure services from unauthorized network access.	Friday	Microsoft Learn,Azure,Azure Virtual Network
Implement Pub/Sub and Streams in Azure Cache for Redis	https://learn.microsoft.com/en-us/training/modules/azure-redis-publish-subscribe-streams	In this module, you will implement both the Pub/Sub and Streams features of Redis in Azure Cache for Redis.	Friday	Microsoft Learn,Azure,Azure Cache for Redis
Use the SQL Server Query Tuning Assistant	https://learn.microsoft.com/en-us/training/modules/use-sql-server-query-tuning-assistant	Use the SQL Server Query Tuning Assistant	Friday	Microsoft Learn,SQL Server
Distribute your services across Azure virtual networks and integrate them by using virtual network peering	https://learn.microsoft.com/en-us/training/modules/integrate-vnets-with-vnet-peering	Use virtual network peering to enable communication across virtual networks in a way that's secure and minimally complex.	Friday	Microsoft Learn,Azure,Azure Virtual Network
Manage and control traffic flow in your Azure deployment with routes	https://learn.microsoft.com/en-us/training/modules/control-network-traffic-flow-with-routes	Learn how to control Azure virtual network traffic by implementing custom routes.	Friday	Microsoft Learn,Azure,Azure Virtual Machines,Azure Virtual Network
Enhance your service availability and data locality by using Azure Traffic Manager	https://learn.microsoft.com/en-us/training/modules/distribute-load-with-traffic-manager	Discover how Azure Traffic Manager provides DNS load balancing for your application to improve the performance and availability of your application.	Friday	Microsoft Learn,Azure,Azure Traffic Manager,Azure Virtual Network
Configure the network for your virtual machines	https://learn.microsoft.com/en-us/training/modules/configure-network-for-azure-virtual-machines	Learn how to connect your local on-premises networks into Azure using virtual networks, VPN gateways, and Azure ExpressRoute.	Friday	Microsoft Learn,Azure,Azure ExpressRoute,Azure Virtual Machines,Azure Virtual Network,Azure VPN Gateway
Centralize your core services by using hub and spoke Azure	https://learn.microsoft.com/en-us/training/modules/hub-and-spoke-network-architecture	Design a network architecture in Azure that allows for growth	Friday	Microsoft Learn,Azure,Azure ExpressRoute,Azure Virtual Network

virtual network architecture		and flexibility, secure isolation of critical resources, low administrative overhead, and communication with on-premises network resources.		
Dyslexia Awareness: Part 2, in partnership with Made By Dyslexia	https://learn.microsoft.com/en-us/training/modules/dyslexia-awareness-part-2	The Dyslexia Awareness modules are essential training for all educators and parents. Part 2 teaches foundational approaches for literacy, math, emotional impact, memory, organization, concentration, and [...]	Friday	Microsoft Learn, Flipgrid, Minecraft, Office OneNote
Introduce coding in Minecraft Education	https://learn.microsoft.com/en-us/training/modules/introduce-coding-minecraft-education-edition	Explore how educators may use block-based coding in Minecraft Education to introduce programming to their learners.	Friday	Microsoft Learn, Minecraft
Launch esports in your classroom with Minecraft Education	https://learn.microsoft.com/en-us/training/modules/launch-esports-classroom-minecraft	In this module, we'll learn how to utilize Minecraft Education in esports programs. The module provides support in leveraging the Minecraft esports content to host competitions [...]	Friday	Microsoft Learn, Minecraft
Develop strategies to support student-centered learning	https://learn.microsoft.com/en-us/training/modules/student-centered-learning	This module is for education leaders who are interested in developing and designing student-centered learning environments and experiences.	Friday	Microsoft Learn, Microsoft Teams, Office 365, Office OneNote
Computational thinking and its importance in education	https://learn.microsoft.com/en-us/training/modules/computational-thinking-importance-education	Computational Thinking is a way of thinking about problems, similar to mathematical thinking or scientific thinking. But it is slightly different than those methods of thought. [...]	Friday	Microsoft Learn, Office OneNote
Collaborate with colleagues through live Teams meetings and OneNote	https://learn.microsoft.com/en-us/training/modules/collaborate-colleagues-live-teams-meetings-onenote	Education colleagues collaborate using Microsoft Teams PLC Teams and Staff Teams. PLC Teams are for Personal Learning Communities to engage in professional and personal growth. Staff [...]	Friday	Microsoft Learn, Microsoft Teams
Support learning environments with instructional leadership	https://learn.microsoft.com/en-us/training/modules/support-learning-environments-instructional-leadership	This module explores using instructional leadership to support learning environments. Microsoft tools and applications are used to enhance data analysis. Differentiated learning opportunities are created for [...]	Friday	Microsoft Learn, Microsoft Teams, Office 365, Office Microsoft Forms

Deepen educational experiences with the 21CLD ICT for learning dimension	https://learn.microsoft.com/en-us/training/modules/deepen-educational-experiences	This module highlights for educators the need to use information and communication technologies (ICT) to transform learning experiences and create and design new information and ICT [...]	Friday	Microsoft Learn,Office 365
Promote social and emotional learning and well-being in education	https://learn.microsoft.com/en-us/training/modules/promote-social-emotional-learning-well-being-education	Educators learn steps to implement well-being in the classroom and practicing self-care, both in a natural and digital environment.	Friday	Microsoft Learn,Microsoft Teams,Windows
Establish an esports club in your community	https://learn.microsoft.com/en-us/training/modules/establish-esports-club-community	Explore how to establish an inclusive and equitable esports program for diverse students.	Friday	Microsoft Learn,Minecraft
