Implementing a portal solution requires knowledge of the specific business requirements and needs of […]	Friday	Microsoft Learn,Microsoft Power Platform,Microsoft Power Platform Power Apps
Work with Power Apps portals metadata	https://docs.microsoft.com/en-us/learn/modules/portals-metadata	Makers are required to understand the various Power Apps portals metadata components so they can configure the portals app for a variety of unique requirements. This […]	Friday	Microsoft Learn,Microsoft Power Platform,Microsoft Power Platform Power Apps
How to build a basic chatbot	https://docs.microsoft.com/en-us/learn/modules/how-build-basic-chatbot	How to build a basic chatbot	Friday	Microsoft Learn,Microsoft Power Platform,Microsoft Power Platform Power Virtual Agents
Explore Power Apps portals Studio	https://docs.microsoft.com/en-us/learn/modules/explore-portals-studio	Portal makers spend most their time configuring portals by using Microsoft Power Apps portals Studio. It's important that portal makers have a full understanding of the […]	Friday	Microsoft Learn,Microsoft Power Platform,Microsoft Power Platform Power Apps
Test your app like a pro	https://docs.microsoft.com/en-us/learn/modules/test-app	Learn how to test your app from Power Apps like a professional.	Friday	Microsoft Learn,Microsoft Power Platform,Microsoft Power Platform Power Apps
Solution Architect series: Explore Power Apps architecture	https://docs.microsoft.com/en-us/learn/modules/power-apps-architecture	Explore the architecture of Microsoft Power Apps.	Friday	Microsoft Learn,Microsoft Power Platform,Microsoft Power Platform Microsoft Dataverse,Microsoft Power Platform Power Apps
Introduction to Power Apps portals	https://docs.microsoft.com/en-us/learn/modules/introduction-power-apps-portals	Introduction to Power Apps portals	Friday	Microsoft Learn,Microsoft Power Platform,Microsoft Power Platform Power Apps
Solution Architect series: Implement project governance for Power Platform and Dynamics 365	https://docs.microsoft.com/en-us/learn/modules/project-governannce	Learn about project governance as a solution architect.	Friday	Microsoft Learn,Dynamics 365,Microsoft Power Platform,Microsoft Power Platform Microsoft Dataverse
Connect to and filter expense report data in a canvas app	https://docs.microsoft.com/en-us/learn/modules/connect-filter-data	Learn how data connects to your app and how to pull in, display, and filter data to fulfill user requirements.	Friday	Microsoft Learn,Microsoft Power Platform,Microsoft Power Platform Microsoft Dataverse,Microsoft Power Platform Power Apps
Design your app like a pro	https://docs.microsoft.com/en-us/learn/modules/design-app	Learn how to design an app based on an identified problem.	Friday	Microsoft Learn,Microsoft Power Platform,Microsoft Power Platform Power Apps
Work with Liquid template language in Power Apps portals	https://docs.microsoft.com/en-us/learn/modules/liquid-template-language	Liquid is an [open-source template language] (http://dotliquidmarkup.org/?azure-portal=true) that is integrated natively into Microsoft Power Apps portals. It acts as a bridge between Microsoft Dataverse and the HTML […]	Friday	Microsoft Learn,Microsoft Power Platform,Microsoft Power Platform Power Apps
Create an accident tracking model-driven app in Power Apps	https://docs.microsoft.com/en-us/learn/modules/create-model-driven	Learn how to create an employee accident tracking model-driven app in Microsoft Power Apps.	Friday	Microsoft Learn,Microsoft Power Platform,Microsoft Power Platform Microsoft Dataverse,Microsoft Power Platform Power Apps
Use and understand Controls in a canvas app in Power Apps	https://docs.microsoft.com/en-us/learn/modules/controls-canvas-apps	Controls help create a better experience for the user and collect the appropriate data. This module will help you understand and use Controls.	Friday	Microsoft Learn,Microsoft Power Platform,Microsoft Power Platform Power Apps
Optimize app load time	https://docs.microsoft.com/en-us/learn/modules/optimize-app-load-time	Learn how you can evaluate and improve app load times. By regularly reviewing and measuring your app, you can proactively identify and remediate startup performance problems.	Friday	Microsoft Learn,Microsoft Power Platform Power Apps
Use specialized components in a model-driven form	https://docs.microsoft.com/en-us/learn/modules/specialized-components-model-form	Learn how to use specialized components in a model-driven form.	Friday	Microsoft Learn,Microsoft Power Platform Power Apps
Write to a data source in an expense report app	https://docs.microsoft.com/en-us/learn/modules/write-data-source	After you've created a data model, planned your app, and built out the screens, you can edit your data. In this module, you will learn how […]	Friday	Microsoft Learn,Microsoft Power Platform,Microsoft Power Platform Microsoft Dataverse,Microsoft Power Platform Power Apps
Create formulas to change properties in a Power Apps canvas app	https://docs.microsoft.com/en-us/learn/modules/author-basic-formula-change-properties-powerapps	Want to enhance or customize your Power Apps canvas app? You can use easy-to-write formulas to make changes in your app that include changing the format […]	Friday	Microsoft Learn,Microsoft Power Platform,Microsoft Power Platform Power Apps

Explore Power Apps portals	https://docs.microsoft.com/en-us/learn/modules/explore-portals	Dynamics 365 starter portals are pre-configured portal solutions that are available to help accelerate deployment. Typical portal projects will have unique requirements, but a starter portal […]	Friday	Microsoft Learn,Microsoft Power Platform,Microsoft Power Platform Power Apps
Solution Architect series: Power Platform architecture	https://docs.microsoft.com/en-us/learn/modules/power-platform-architecture	Learn about Microsoft Power Platform architecture.	Friday	Microsoft Learn,Microsoft Power Platform,Microsoft Power Platform Power Apps,Microsoft Power Platform Power Automate,Microsoft Power Platform Power Virtual Agents
Write data in a Power Apps canvas app	https://docs.microsoft.com/en-us/learn/modules/write-data	Learn how to write data in a Power Apps canvas app.	Friday	Microsoft Learn,Microsoft Power Platform,Microsoft Power Platform Power Apps
Create formulas to change behaviors in a Power Apps canvas app	https://docs.microsoft.com/en-us/learn/modules/author-basic-formula-change-behaviors-powerapps	Learn how to enhance and customize your Power Apps canvas app using basic formulas.	Friday	Microsoft Learn,Microsoft Power Platform,Microsoft Power Platform Power Apps
Customize views and forms for model-driven apps	https://docs.microsoft.com/en-us/learn/modules/customize-view-forms	Learn how to adapt tables by using the two form types of Views and Forms.	Friday	Microsoft Learn,Microsoft Power Platform Microsoft Dataverse,Microsoft Power Platform Power Apps,Office Excel
Build a mobile-optimized app from Power Apps	https://docs.microsoft.com/en-us/learn/modules/build-mobile-optimized	Learn about building a mobile-optimized app from Power Apps.	Friday	Microsoft Learn,Microsoft Power Platform,Microsoft Power Platform Power Apps
Work with external data in a Power Apps canvas app	https://docs.microsoft.com/en-us/learn/modules/work-with-external-data	Do you need to connect an app to access data? Then this module is for you. It focuses on connecting your app to a data source.	Friday	Microsoft Learn,Microsoft Power Platform,Microsoft Power Platform Power Apps
Get started with AI Builder entity extraction	https://docs.microsoft.com/en-us/learn/modules/ai-builder-entity-extraction	Learn how to use AI Builder entity extraction to identify key elements from text.	Friday	Microsoft Learn,Microsoft Power Platform Power Apps
Customize a canvas app in Power Apps	https://docs.microsoft.com/en-us/learn/modules/customize-apps-in-powerapps	Learn how to customize an app by adding controls, images, and logic.	Friday	Microsoft Learn,Microsoft Power Platform,Microsoft Power Platform Power Apps
Use Monitor to troubleshoot Power Apps	https://docs.microsoft.com/en-us/learn/modules/monitor-to-troubleshoot	Learn how the Monitor tool from Power Apps Studio can help you proactively identify, troubleshoot, and resolve issues within your app.	Friday	Microsoft Learn,Microsoft Power Platform,Microsoft Power Platform Power Apps
Get started with AI Builder prediction	https://docs.microsoft.com/en-us/learn/modules/ai-builder-prediction	Learn how to get started with AI Builder prediction.	Friday	Microsoft Learn,Microsoft Power Platform,Microsoft Power Platform Power Apps
Power Apps portals maintenance and troubleshooting	https://docs.microsoft.com/en-us/learn/modules/portals-maintenance-troubleshooting	Learn about Power Apps portals maintenance and troubleshooting.	Friday	Microsoft Learn,Microsoft Power Platform,Microsoft Power Platform Power Apps
Add a business process flow inside the model-driven app	https://docs.microsoft.com/en-us/learn/modules/add-business-process-flow	This module explains how to add a business process flow to a model-driven app.	Friday	Microsoft Learn,Microsoft Power Platform,Microsoft Power Platform Microsoft Dataverse,Microsoft Power Platform Power Apps,Microsoft Power Platform Power Automate
Reduce complexity in your data model with Dataverse table relationships	https://docs.microsoft.com/en-us/learn/modules/reduce-complexity-dataverse-table	Learn how to use Microsoft Dataverse relationships in canvas apps from Microsoft Power Apps.	Friday	Microsoft Learn,Microsoft Power Platform,Microsoft Power Platform Microsoft Dataverse,Microsoft Power Platform Power Apps
Use AI Builder models in Power Apps	https://docs.microsoft.com/en-us/learn/modules/use-ai-builder	Learn how you can use prebuilt and custom AI Builder models in Power Apps.	Friday	Microsoft Learn,Microsoft Power Platform AI Builder,Microsoft Power Platform Power Apps
Manage apps in Power Apps	https://docs.microsoft.com/en-us/learn/modules/manage-apps-in-powerapps	Manage app versions, app sharing, and environments in Power Apps.	Friday	Microsoft Learn,Microsoft Power Platform,Microsoft Power Platform Power Apps
Plan your project like a pro	https://docs.microsoft.com/en-us/learn/modules/plan-app-project	Learn how to plan your app project effectively.	Friday	Microsoft Learn,Microsoft Power Platform Power Apps
Financial Services training environment preparation	https://docs.microsoft.com/en-us/learn/modules/training-environment-preparation	Learn how to prepare an environment for Microsoft Cloud for Financial Services.	Friday	Microsoft Learn,Industry Solutions,Industry Solutions Microsoft Cloud for Financial Services
Solution Architect series: Testing and go-live	https://docs.microsoft.com/en-us/learn/modules/project-test-process	The solution architect role is continuous; they must also deploy the solution.	Friday	Microsoft Learn,Microsoft Power Platform,Microsoft Power Platform Power Apps,Microsoft Power Platform Power Automate,Microsoft Power Platform Power Virtual Agents
Work with canvas app source code	https://docs.microsoft.com/en-us/learn/modules/canvas-app-source-code	Learn how to unpack a canvas app from a single monolithic file to many files, each describing an individual part of the app.	Friday	Microsoft Learn,Microsoft Power Platform,Microsoft Power Platform Microsoft Dataverse,Microsoft Power Platform Power Apps,Visual Studio Code
How to build the UI in a canvas app	https://docs.microsoft.com/en-us/learn/modules/how-to-build-ui-	Do you want to build a better UI for app users? This module helps you do	Friday	Microsoft Learn,Microsoft Power Platform,Microsoft Power Platform Power Apps

in Power Apps	canvas-app	that using themes, icons, images, personalization, different form factors, and [...]		
Build your first canvas app with Power Apps	https://docs.microsoft.com/en-us/learn/modules/build-first-canvas-app	Learn how to create your first canvas app with Power Apps.	Friday	Microsoft Learn,Microsoft Power Platform,Microsoft Power Platform Power Apps
Document and test your Power Apps application	https://docs.microsoft.com/en-us/learn/modules/document-test-powerapps-app	Learn how to document and test a Power Apps application.	Friday	Microsoft Learn,Dynamics 365,Microsoft Power Platform
Deploy and refine your app like a pro	https://docs.microsoft.com/en-us/learn/modules/deploy-refine-app	Learn how to deploy your app from Power Apps and then use feedback to refine it.	Friday	Microsoft Learn,Microsoft Power Platform Power Apps
Author a basic formula that uses tables and records in a Power Apps canvas app	https://docs.microsoft.com/en-us/learn/modules/author-basic-formula-tables-records-powerapps	Learn how to author a basic formula that uses tables and records in a Power Apps canvas app.	Friday	Microsoft Learn,Microsoft Power Platform,Microsoft Power Platform Power Apps
Solution Architect series: Implement integrations with Power Platform	https://docs.microsoft.com/en-us/learn/modules/integrations	Learn how to implement integrations in Microsoft Power Platform solutions.	Friday	Microsoft Learn,Microsoft Power Platform,Microsoft Power Platform Microsoft Dataverse
Implement a non-relational data model	https://docs.microsoft.com/en-us/learn/modules/implement-non-relational-data-model	Implement a non-relational data model	Friday	Microsoft Learn,Azure Cosmos DB
Use Apache Spark in Azure Databricks	https://docs.microsoft.com/en-us/learn/modules/use-apache-spark-azure-databricks	Use Apache Spark in Azure Databricks	Friday	Microsoft Learn,Azure Databricks
Get tips and tricks for teaching AZ-104 Microsoft Azure Administrator	https://docs.microsoft.com/en-us/learn/modules/get-tips-tricks-teach-az-104-microsoft-azure-administrator	Learn tips and tricks about preparing for your first teaching session, which labs to use, when and how to introduce technical topics, as well as other [...]	Friday	Microsoft Learn,Azure
Explore Azure Databricks	https://docs.microsoft.com/en-us/learn/modules/explore-azure-databricks	Explore Azure Databricks	Friday	Microsoft Learn,Azure Databricks
Create Azure resources using Azure Resource Manager templates	https://docs.microsoft.com/en-us/learn/modules/create-azure-resources-using-azure-resource-manager-templates	Create Azure resources using Azure Resource Manager templates	Friday	Microsoft Learn,Azure,Azure Artifacts,Azure Boards,Azure Cloud Services,Azure DevOps,Azure Pipelines,Azure Repos,Azure Test Plans,GitHub
Get tips and tricks for teaching AI-900 Microsoft Azure AI Fundamentals	https://docs.microsoft.com/en-us/learn/modules/get-tips-tricks-teach-ai-900-microsoft-azure-ai-fundamentals	Learn tips and tricks about preparing for your first teaching session, which labs to use, when and how to introduce technical topics, as well as other [...]	Friday	Microsoft Learn,Azure
Authenticate users in a Node web app by using Azure Active Directory B2C	https://docs.microsoft.com/en-us/learn/modules/authenticate-users-node-web-app-use-azure-active-directory-b2c	Learn how to authenticate users into a web app by using Azure Active Directory B2C	Friday	Microsoft Learn,Azure Active Directory External Identities,Microsoft Authentication Library for Node
Integrate Power Apps portals with Dataverse	https://docs.microsoft.com/en-us/learn/modules/integrate-common-data-service	The ability to find and interact with Dataverse data on a website is one of the core benefits of implementing a Power Apps portal. Several methods [...]	Friday	Microsoft Learn,Microsoft Power Platform,Microsoft Power Platform Power Apps
Build your first app with Power Apps and Dataverse for Teams	https://docs.microsoft.com/en-us/learn/modules/build-app-dataverse-teams	Learn how to build an app by using Microsoft Dataverse for Teams.	Friday	Microsoft Learn,Microsoft Power Platform,Microsoft Power Platform Microsoft Dataverse,Microsoft Power Platform Power Apps,Microsoft Teams
Use Dataverse choice columns with formulas	https://docs.microsoft.com/en-us/learn/modules/choice-columns-formulas	Explore how you can use Power Fx formulas to work with Microsoft Dataverse choice and choices columns. These column data types present the user with a [...]	Friday	Microsoft Learn,Microsoft Power Platform,Microsoft Power Platform Microsoft Dataverse,Microsoft Power Platform Power Apps
Create tables in Dataverse	https://docs.microsoft.com/en-us/learn/modules/get-started-with-powerapps-common-data-service	Dataverse lets you securely store and manage data that's used by business applications. Standard and custom tables within Dataverse provide a secure and cloud-based storage option [...]	Friday	Microsoft Learn,Microsoft Power Platform,Microsoft Power Platform Microsoft Dataverse,Microsoft Power Platform Power Apps
Use imperative development techniques for canvas apps in Power Apps	https://docs.microsoft.com/en-us/learn/modules/use-imperative-dev-techniques-powerapps-canvas-app	Learn how to use imperative vs. declarative development.	Friday	Microsoft Learn,Microsoft Power Platform,Microsoft Power Platform Power Apps
Introduction to	https://docs.microsoft.com/en-	Do you want to quickly build apps with	Friday	Microsoft Learn,Microsoft Power

model-driven apps and Dataverse	us/learn/modules/intro-model-driven-apps-common-data-service	little to no code? This module will focus on the building blocks of Dataverse and model-driven apps. These [...]		Platform,Microsoft Power Platform Power Apps
Understanding Low Code as a Traditional Developer	https://docs.microsoft.com/en-us/learn/modules/understanding-low-code-as-a-traditional-developer	Understand Power Fx and how to use it to build an app within Power Apps as a traditional developer	Friday	Microsoft Learn,Microsoft Power Platform,Microsoft Power Platform Power Apps
Discover and use Web APIs with Power Apps	https://docs.microsoft.com/en-us/learn/modules/discover-web-apis-power-apps	Build a custom connector using an OpenAPI document or Azure API Management to send data to and receive data from web APIs.	Friday	Microsoft Learn,Microsoft Power Platform,Microsoft Power Platform Power Apps
Use custom connectors in a Power Apps canvas app	https://docs.microsoft.com/en-us/learn/modules/use-custom-connectors-in-powerapps-canvas-app	Learn how to use custom connectors in a Power Apps canvas app.	Friday	Microsoft Learn,Microsoft Power Platform,Microsoft Power Platform Power Apps
Solution architect series: Model data for Power Platform solutions	https://docs.microsoft.com/en-us/learn/modules/data-modeling	Learn how to work with data modeling in Microsoft Power Platform solutions as a solution architect.	Friday	Microsoft Learn,Dynamics 365 Customer Engagement apps,Microsoft Power Platform,Microsoft Power Platform Microsoft Dataverse
Convert data types using casting and conversion techniques in C#	https://docs.microsoft.com/en-us/learn/modules/csharp-convert-cast	Take control of the data in your applications, knowing when to apply the correct technique to change data types as needed.	Friday	Microsoft Learn,.NET
Call methods from the .NET Class Library using C#	https://docs.microsoft.com/en-us/learn/modules/csharp-call-methods	Use functionality in the .NET Class Library by calling methods that return values, accept input parameters, and more.	Friday	Microsoft Learn,.NET
Create knowledge management solutions in Dynamics 365 Customer Service	https://docs.microsoft.com/en-us/learn/modules/creating-and-designing-knowledge-management-solutions	Learn how to design and create knowledge management solutions.	Friday	Microsoft Learn,Dynamics 365,Dynamics 365 Customer Service
Get started with Dynamics 365 Productivity Tools	https://docs.microsoft.com/en-us/learn/modules/productivity-tools	Dynamics 365 Productivity Tools helps agents perform their daily operations faster, efficiently, and in a process-compliant manner.	Friday	Microsoft Learn,Dynamics 365,Dynamics 365 Customer Service
Configure VPN Gateway	https://docs.microsoft.com/en-us/learn/modules/configure-vpn-gateway	You will learn how to create VPN gateways and securely connect your company sites to Azure.	Friday	Microsoft Learn,Azure VPN Gateway
Transform a business process to a model-driven app	https://docs.microsoft.com/en-us/learn/modules/model-driven-app-solution	This module introduces the data and business scenario that the solution will address. A model-driven app from Microsoft Power Apps will be used as the solution, [...]	Friday	Microsoft Learn,Microsoft Power Platform,Microsoft Power Platform Microsoft Dataverse,Microsoft Power Platform Power Apps,Office Excel
Use Delta Lake in Azure Synapse Analytics	https://docs.microsoft.com/en-us/learn/modules/use-delta-lake-azure-synapse-analytics	Delta Lake is an open source relational storage area for Spark that you can use to implement a data lakehouse architecture in Azure Synapse Analytics.	Friday	Microsoft Learn,Azure Synapse Analytics
Solution Architect series: Evaluate Power Platform analytics and AI	https://docs.microsoft.com/en-us/learn/modules/architect-analytics	Learn about reporting and analytics in Microsoft Power Platform.	Friday	Microsoft Learn,Microsoft Power Platform,Microsoft Power Platform AI Builder,Microsoft Power Platform Microsoft Dataverse,Microsoft Power Platform Power Apps,Microsoft Power Platform Power Automate,Microsoft Power Platform Power BI,Microsoft Power Platform Power Query,Microsoft Power Platform Power Virtual Agents
Set up Collaboration Manager for Loans in Microsoft Cloud for Financial Services	https://docs.microsoft.com/en-us/learn/modules/financial-services-collaboration-manager	Learn how to set up Collaboration Manager for Loans within Microsoft Cloud for Financial Services.	Friday	Microsoft Learn,Dynamics 365,Industry Solutions,Industry Solutions Microsoft Cloud for Financial Services
Solution architect series: Model security for Power Platform solutions	https://docs.microsoft.com/en-us/learn/modules/model-security	Lean about security functionality within Microsoft Dataverse.	Friday	Microsoft Learn,Dynamics 365,Microsoft Power Platform,Microsoft Power Platform Microsoft Dataverse
Complete testing and performance checks in a Power Apps canvas app	https://docs.microsoft.com/en-us/learn/modules/testing-performance-checks-powerapps	Do you want to test your app and improve it's performance? This module will help you understand how to test an app and improve performance.	Friday	Microsoft Learn,Microsoft Power Platform,Microsoft Power Platform Power Apps
Extend Power Apps portals	https://docs.microsoft.com/en-us/learn/modules/extend-power-app-portals	The world of business software applications has embraced a movement toward building apps that use low-code/no-code methods. This	Friday	Microsoft Learn,Dynamics 365,Microsoft Power Platform Power Apps

		movement is one of the pillars of Microsoft [...]		
Use Power Apps Instrumentation with Application Insights	https://docs.microsoft.com/en-us/learn/modules/instrumentation-app-insights	This module explores how to set up a Microsoft Power Apps canvas app to send telemetry to Application Insights.	Friday	Microsoft Learn,Azure Application Insights,Microsoft Power Platform,Microsoft Power Platform Microsoft Dataverse,Microsoft Power Platform Power Apps
Get started with AI Builder category classification	https://docs.microsoft.com/en-us/learn/modules/ai-builder-category-classification	Learn how to start using AI Builder category classification.	Friday	Microsoft Learn,Microsoft Power Platform AI Builder,Microsoft Power Platform Power Apps
Work with relational data in a Power Apps canvas app	https://docs.microsoft.com/en-us/learn/modules/work-with-relational-data-powerapps-canvas-app	Learn how to work with relational data in Power Apps canvas apps.	Friday	Microsoft Learn,Microsoft Power Platform,Microsoft Power Platform Power Apps
Build custom Power Apps portals web templates	https://docs.microsoft.com/en-us/learn/modules/portal-custom-web	Create custom Microsoft Power Apps portals web templates.	Friday	Microsoft Learn,Dynamics 365,Microsoft Power Platform,Microsoft Power Platform Power Apps
Power Apps portals architecture	https://docs.microsoft.com/en-us/learn/modules/portals-architecture	This module focuses on the Power Apps portals architecture, such as how the various components work together to build a portal. Additionally, it explains how the [...]	Friday	Microsoft Learn,Microsoft Power Platform,Microsoft Power Platform Power Apps
Connect to other data in a Power Apps canvas app	https://docs.microsoft.com/en-us/learn/modules/connect-to-other-data-in-powerapps-canvas-app	Learn how to connect to other data in Power Apps canvas app.	Friday	Microsoft Learn,Microsoft Power Platform,Microsoft Power Platform Power Apps
Get started with Power Apps canvas apps	https://docs.microsoft.com/en-us/learn/modules/get-started-with-powerapps	Learn the basics of Power Apps and how you can use it in your organization.	Friday	Microsoft Learn,Microsoft Power Platform,Microsoft Power Platform Power Apps
How to build a model-driven app	https://docs.microsoft.com/en-us/learn/modules/how-build-model-driven-app	How to build a model-driven app	Friday	Microsoft Learn,Microsoft Power Platform,Microsoft Power Platform Power Apps
Access Dataverse in Power Apps portals	https://docs.microsoft.com/en-us/learn/modules/portals-access-common-data-service	The ability to show and interact with Dataverse data on a website is a core benefit of implementing a Microsoft Power Apps portal. This module focuses [...]	Friday	Microsoft Learn,Microsoft Power Platform,Microsoft Power Platform Power Apps
Solution Architect series: Plan application lifecycle management for Power Platform	https://docs.microsoft.com/en-us/learn/modules/application-lifecycle-management-architect	Solution architects for Microsoft Power Platform need to define the environment strategy and application lifecycle management (ALM) for transporting work from development to test to production.	Friday	Microsoft Learn,Microsoft Power Platform,Microsoft Power Platform Microsoft Dataverse
Make your app like a pro	https://docs.microsoft.com/en-us/learn/modules/make-app	Learn how to make your app from Power Apps like a professional.	Friday	Microsoft Learn,Microsoft Power Platform,Microsoft Power Platform Power Apps
Navigation in a canvas app in Power Apps	https://docs.microsoft.com/en-us/learn/modules/navigation-canvas-app	App users can only navigate through the navigation options provided by an app developer, and this module is designed to help you build a good navigation [...]	Friday	Microsoft Learn,Microsoft Power Platform,Microsoft Power Platform Power Apps
Transform business software authoring with fusion development teams	https://docs.microsoft.com/en-us/learn/modules/transform-business-software-authoring-with-fusion-dev	Increase software development efficiency and productivity with fusion development teams.	Friday	Microsoft Learn,Microsoft Power Platform,Microsoft Power Platform Power Apps
Plan a canvas app and start to build	https://docs.microsoft.com/en-us/learn/modules/plan-canvas-app	It might be tempting to immediately begin building your Microsoft Power Apps canvas app, but you need to complete the essential first steps in planning the [...]	Friday	Microsoft Learn,Microsoft Power Platform,Microsoft Power Platform Microsoft Dataverse,Microsoft Power Platform Power Apps
Authentication and user management in Power Apps portals	https://docs.microsoft.com/en-us/learn/modules/authentication-user-management	Learn how to authenticate with Power Apps portals.	Friday	Microsoft Learn,Microsoft Power Platform,Microsoft Power Platform Power Apps
Get started with model-driven apps in Power Apps	https://docs.microsoft.com/en-us/learn/modules/get-started-with-model-driven-apps-in-powerapps	Model-driven app design is an approach that focuses on quickly adding components to your apps. These components include dashboards, forms, views, and charts. With no code, [...]	Friday	Microsoft Learn,Microsoft Power Platform,Microsoft Power Platform Power Apps
Perform custom updates in a Power Apps canvas app	https://docs.microsoft.com/en-us/learn/modules/perform-custom-updates-powerapps-canvas-app	With some Power Apps canvas apps, a form is not the solution. This module will focus on how to perform custom updates when your data is [...]	Friday	Microsoft Learn,Microsoft Power Platform,Microsoft Power Platform Power Apps

Introduction to Azure Functions	https://docs.microsoft.com/en-us/learn/modules/intro-azure-functions	Learn how to	Friday	Microsoft Learn,Azure Functions
Get started with Microsoft Dataverse for Teams	https://docs.microsoft.com/en-us/learn/modules/get-started-dataverse-teams	This module introduces Microsoft Dataverse for Teams and how you can build apps, workflows, chatbots, and dashboards in it. You will learn how to provision Dataverse […]	Friday	Microsoft Learn,Microsoft Power Platform,Microsoft Power Platform Power Apps,Microsoft Power Platform Power Automate

Introduction to Azure Functions	https://docs.microsoft.com/en-us/learn/modules/intro-azure-functions			
Get started with Microsoft Dataverse for Teams	https://docs.microsoft.com/en-us/learn/modules/get-started-dataverse-teams	This module introduces Microsoft Dataverse for Teams and how you can build apps, workflows, chatbots, and dashboards in it. You will learn how to provision Dataverse […]		Microsoft Learn,Microsoft Power Platform,Microsoft Power Platform Power Apps,Microsoft Power Platform Power Automate
